

General Information: RHSC 2010 Summer Group Programs

For More Information and an Application, Visit our website at: www.rhsc.org

We have several defined groups. Group therapy allows a child to interact with and be supported by peers with similar needs. Groups will be determined based on need and age and determined by the clinical judgment of the director. Groups will consist of 2-4 children and will be held at all three RHSC locations dependent on need.

Groups will run for 6 weeks (between July 7 to August 20th). Private therapy can run for 7 weeks (July 7th to August 27th)

Private therapy may be arranged to address any communication or language based learning need (Note: the Lidcombe stuttering intervention program is considered private/individual therapy). Rates are as follows:

Individual therapy: 30 minutes \$40
 45 minutes \$60
 60 minutes \$80

Group therapy rates (other than defined programs)
 30 minutes \$30
 45 minutes \$45
 60 minutes \$60

SPECIALTY SCHOOL AGED PROGRAMS (AGE 5-18)

Back to Basics

- Two unique programs, one for 4 and 5 year olds and one for children age 6 – 11 years, focusing on the underlying language skills needed to be able to read. Your child will learn skills that will either prepare them to read or improve their existing reading skills. Both programs will help your child be better prepared for school and begin to build a motivation and a love to read.
- Meets two times per week for 45 minutes per session
- **COST: \$35 per group session**

Spell- Bound

- Spelling has important connections to reading and writing. Spell-Bound is designed to address spelling issues such as: omission of letters or sounds; letters placed in the wrong order and/or difficulty with vowels sounds. This program also offers opportunities for parents to learn techniques to use with their child at home.
- Group and/or individual sessions can be arranged.

COST: Initial Evaluation (required) \$100

\$40 per session per 60 minute: group

\$40 per session per 30 minutes: individual

The Spoken Language Processing Program

- This program includes strategies for improved attention, listening and memory skills as well as a focus on establishing and improving organization and language skills. Time will also be spent on teaching the students self- advocacy skills. This program is targeted for students ages 8 – 18. Any student who has a diagnosis of Spoken Language (Central Auditory) Processing, Receptive Language or Expressive Language Disorder would benefit from our Spoken Language Processing Group.
- Meets twice weekly for 60 minutes
- **COST: \$40 per group session**

Write Now:

- Write Now is a program designed for students age 8 – 18 who struggle with writing due to language and learning difficulties. Language processes are critical for written expression. Our speech language pathologists will analyze writing samples to address the individual strengths and weaknesses for each student in the program.
- Write Now meets twice weekly for 60 minutes
- **COST: \$40 per group session**

The Language Learning Disabilities Program

- For students who have difficulty learning in school because of difficulties with comprehension, abstract concepts, reading, spelling and/or language reasoning.
- Meets twice weekly for 60 minutes
- **COST: \$40 per group session**
